

THE CITY OF
CALGARY

Local Government Service:

THE CITY OF
CALGARY

What do we already think we know about this service?

Write all of the information and details that you think you know about what the service is and what it does for the city and its citizens.

Jot down at least 5 to 10 ideas below.

Now do some research to answer the following questions. This information needs to be presented to the class. Your job is to be knowledgeable enough to inform the students in our class about your assigned service. Use the links on the 'Services Project' page of Mr. Polsky's website to find out information, facts and other ideas to help you complete the assignment.

What is important to know about this service?

- What equipment does it require?
- How much does it cost the city?
- What are some opinions about the service?
- Is there anything currently happening in the media (newspaper, radio, Social Media) regarding the service?
- Is it "free" or do citizens need to pay to use the service? How much?

When is the service important to citizens?

Who provides it as far as people and jobs?

Why is it important to the City of Calgary?

Where is the service located? All over the city? In one main area? Be specific.
